Poukhanensis—Orchid lavender. Fragrant. 12-15

inches ----- 2.00

Rosea—Light pink. 18-24 in. ----- 2.50

All the Azaleas that we list are hardy and quite easy to grow.

We have selected what we consider the most meritorious varieties in ROSES. We have 60 varieties to offer of strong 2-year No. 1 plants.

This spring we will have a large and better line of BEDDING PLANTS and ANNUALS with many new varieties.

We grow a general line of nursery stock and endeavor to keep up with new and worthwhile introductions.

We especially recommend:

Caryopteris Blue Mist

Crape Myrtle Wm. Toovey

Forsythia Spring Glory

Hydrangea Domotoi—Pink

Hypericum Golden Supreme

Philadelphus Minnesota Snowflake for a true double mock orange

Philadelphus Atlas for a large flower

Weigelia Bristol Ruby

Rhamnus Caroliniana, a beautiful small tree with glossy foliage and covered with red berries in the autumn.

Named varieties in single Altheas

And many others.

VEGETABLE PLANTS—STRAWBERRY PLANTS
FRUIT TREES

HEMEROCALLIS

The Hemerocallis are the easiest flowers to grow in either part shade or full sun; not particular as to soil; no spraying or dusting is required. You can have bloom from May to October by selecting different varieties.
